RE: PLANCON PART E: DESIGN DEVELOPMENT

PROJECT NO.: PROJECT BUILDING NAME: TYPE WORK: COUNTY: BOARD ACTION: 3810 Pequea Elementary School Additions/Alterations Lancaster April 7, 2015

Dear Mrs. Rhoades:

The materials for PlanCon Part E, "Design Development," have been reviewed and appear to meet the requirements of the school laws of Pennsylvania and the policies and regulations of the State Board of Education. The Design Development is generally approved. This approval is based on a limited review of the documents submitted. If information reviewed subsequent to this approval violates law, policy or procedure, the department reserves the right to rescind any and all approvals materially affected.

Please note that the Requirements listed on PlanCon Part F, Page F-17, must be written in the Construction Specifications. You are further advised that in all school buildings erected after May 1, 1925, or buildings leased or used for school purposes, all entrance and exit doors, as well as all doors leading to or from all regular, special, or general rooms, shall open outward, in accordance with 24 P.S. § 7-739.

The PlanCon Part F, "Construction Documents," may now be prepared and submitted upon their completion at the final review conference, according to PlanCon Pages F01 and F02. The district's architect should call me at 717.787.5993 to schedule the review conference. Any substantial changes in the design must be discussed with me at your earliest convenience.

Section 731 of the Public School Code of 1949 states that no public school building shall be contracted for, constructed, or reconstructed, in any school district of the second, third, or fourth class until plans and specifications have been approved by the Department of Education. Departmental approval of final plans and specifications only occurs upon the issuance of written approval of PlanCon Part F, "Construction Documents." For the Philadelphia City and Pittsburgh School Districts, PlanCon Part F must be approved by the department prior to entering into contracts for a school construction project to qualify for state reimbursement. <u>Failure to comply with the</u> <u>applicable statutory or departmental requirement will result in denial of reimbursement</u> for this project.

The district should be aware that departmental approval of PlanCon Part F for this project does <u>not</u> guarantee reimbursement for this project. This project will be deemed eligible for reimbursement only upon written approval of PlanCon Part G, "Project
